Subject: Re: City of Bayswater Candidates: commitments to Bayswater and Meltham town centres.

Hi Paul,

Thanks for the message.

As you are aware, I'm a South Ward candidate, and as such, I have been mainly concentrating on issues related to my Ward.

If elected, I will be studying the draft BTCSP (as well as the Meltham Station Precinct Structure Plan) in detail. I will also meet with the relevant stakeholders (including your group) to listen to the various views on the draft BTCSP. It is obviously a very important planning issue for Bayswater, and it would be irresponsible of me to provide any substantial comments before taking the time to consider the plan carefully and hear advice from the City's professional staff.

I have also sent the same response to Bayswater Deserves Better.

As you know, I'm an independent candidate, and therefore I'm not a member of, or involved in, any political party.

Best regards,

Elli Petersen-Pik

Best regards,

Elli

Dear City of Bayswater Candidate,

On behalf of Future Bayswater and the Bayswater community, please find attached a letter seeking your responses regarding your commitment to the Bayswater and Meltham Town Centre, as these are both key issues in the City of Bayswater Local Government elections in 2017.

Yours faithfully
